What is a CLC?

LINCOLN
COMMUNITY
LEARNING CENTERS

- Lincoln Community Learning Centers provide a fun, educational delivery system that uses neighborhood schools as the central gathering place for students, families and neighborhoods.
- CLC clubs provide high-quality academic and enrichment opportunities during non-school hours for children. These clubs offer a variety of activities that complement and amplify what they're learning in school. CLC clubs help develop problem-solving and creative thinking skills as well as encourages community and parent engagement for the success of the children.
