

RAYMOND CENTRAL

BEFORE- AND AFTER-SCHOOL PROGRAM

The Raymond Central Before- & After-School Program by Civic Nebraska is an expanded learning opportunity that delivers new experiences, academic support, and civic leadership to students in a safe and fun environment.

A successful before- & after-school program not only serves the needs of children, but also the needs of their families and their community. Depending on the school, these needs can vary – from grade-level arrangements, to support from local businesses and institutions, to the makeup and circumstances of the community. All successful programs have several elements in common, however. And we prioritize them every day:

TRAINED, CARING STAFF
WHO ARE FAMILIAR WITH
THE COMMUNITY

REAL RESPECT BETWEEN
STUDENTS AND STAFF

A SEAMLESS TRANSITION
FROM THE SCHOOL DAY TO
AFTER-SCHOOL TIME

REINFORCES THE SCHOOL'S
ACHIEVEMENT STANDARDS
AND OVERALL GOALS

CONSISTENT WITH
THE SCHOOL'S RULES AND
PROCEDURES

ATTENDS TO STUDENTS'
SOCIAL-EMOTIONAL NEEDS

OPENING NEW WORLDS FOR OUR YOUTH

In addition to providing a nutritious after-school snack or meal, before- and after-school programs also enhance and unlock academic achievement and civic engagement. For students of different ages, that may mean reading circles, homework help and direct tutoring, or a range of activities that reinforce excellence in the classroom.

Tutoring, coaching, homework help, and supporting curricular needs are essential. That's why our programs collaborate with teachers, administrators, and school staff to bridge the school day to the after-school environment. We also build knowledge through high-interest clubs, field trips, and community engagement projects that encourage critical thinking and problem-solving.

The Raymond Central Before & After School Program by Civic Nebraska keeps students safe and healthy, helps youth along in their academic journey, and creates pathways for young people to engage meaningfully with their community. At the end of the day, students feel a sense of belonging while also being respected as an individual. And most of all, they have fun.
