

Course Name & Lesson Title: Super Bubble Recipe

Overview In this session, participants will:	Learning Outcomes As a result of this lesson, participants will be able to:
Learn how to create their own super bubbles at home.	

Additional Materials Needed:

- Measuring Cup
- Light Corn Syrup
- Dishwashing Soap
- Straws
- Wide Container

Step-by-Step Guide

1. Measure out 6 cups of water and add to container
2. Measure out 1 cup of light corn syrup
3. Add to water and mix well until completely mixed
4. Measure out 1-½ cups of dishwashing soap
5. Add to container and mix gently until combined (try not to create too many bubbles during this step)
6. Create an optional straw bubble wand by connecting your straws at each end to make a square/triangle
